Ho Chi Minh City

EDUCATION AND AWARDS

University of Economics Ho Chi Minh City (UEH) | Management Information System (MIS) 2019-2023

Graduated with a Distinction Bachelor's degree, cumulative GPA: 8.51/10

- Relevant Coursework: Databases and Algorithms, Statistics, Data Analytics, and Business Intelligence

Scholarships: Power On Scholarship for 3 years (2020-2023); Lighting Up Your Future Scholarship - Deloitte & ACCA (2020); Acecook Happy Scholarship (2021); UEH Scholarship for the Top 10% of Excellent Students (2021-2022)

WORK EXPERIENCE

Thuan Hai Corporation May.2023-Feb.2025

One of the leading enterprises in Steam – Heat – Electricity, comprising over 10 subsidiary companies with consolidated revenue in 2022 ~ 13000 billion VND

Data Analyst Junior

- Built and maintained 20+ interactive and automated Power BI dashboards, providing comprehensive business analysis across Finance, HR, Sales, Logistics, and Inventory
- Presented monthly insights to the BoD based on analysis of departmental reports, driving data-driven decisions
- Collaborated closely with departments to develop automated and customized Power BI dashboards that replaced manual Excel reports, saving 70% of reporting time and enhancing operational efficiency
- Delivered data requests, technical support, and user training on Power BI and Excel, ensuring timely, accurate data and resolving reporting issues
- Processed and integrated large-scale data from ERP systems using SQL, maintaining data accuracy and consistency
- Leveraged SQL, Power BI, and Excel to perform end-to-end data analysis from data preparation and processing to building automated, interactive reports that enhanced reporting efficiency

Uniace Jan.2023-Apr.2023

Business Intelligence Junior

- Built Power BI dashboards to track performance and provide actionable insights for HR, Marketing, and Finance
- Developed and recorded data analysis documentation, including data dictionaries and data flow diagrams

Prudential Viet Nam Assurance Private Limited Jul.2022-Jan.2023

Customer Experience Analytics Intern

- Created periodic reports quarterly, monthly at 6 transaction touchpoints throughout the customer journey aimed at supporting business decisions and performance tracking
- Monitored daily Power BI Dashboard to ensure that data is accurate and up-to-date for the business stakeholders
- Executed ad hoc analysis within 1-2 hours to provide timely insights for quick decision-making and issue resolution

PROJECTS AND CERTIFICATIONS

Projects: <https://github.com/thanhha02061/Portfolio-Projects>

- **Financial reporting package in the company's Power BI development project** | [See here](#)
 - Designed a dynamic Power BI solution featuring full *Financial Statements* (P&L, Cash Flow, Balance Sheet) with drill-down views by year, quarter, and month, bookmarks, buttons, drill-through, and filters
 - Applied advanced SQL (~1,000 lines) with window functions, CTEs, and subqueries to optimize performance
- **Cash balance reporting within a company-wide centralized data project** | [See here](#)
 - Migrated Excel reports to a user-friendly Power BI solution, embedding built-in guides, data update tracking, and error alerts to enable self-service and ensure data accuracy

Certifications:

- **HackerRank:** *SQL (Advanced) Certification* (Complex joins, unions, sub-queries, query optimization, data modeling, indexing, window functions, and pivots)
- **Udemy:** *Advanced Excel Formulas & Functions* (Power Query, Pivot, Xlookup, dynamic arrays)
- **Udemy:** *Statistics for Data Science and Business Analysis* (Understand the fundamentals of statistics, the mechanics of regression analysis and carry out regression analysis, perform hypothesis testing, understand dummy variables)
- **Datacamp:** *Data Visualization in Power BI Course* (Visualize and customize charts and conditional formatting)
- **Datacamp:** *Intermediate Python Course* (Matplotlib, dictionary, pandas DataFrame, boolean logic, flow, loops)

SKILLS

Technical Skills: *Proficient* in Power BI (DAX, Data Modeling), SQL, Excel (Power Pivot and Power Query), Word, PowerPoint. *Intermediate* in Python (Pandas, Matplotlib), Tableau, IBM SPSS

Soft Skills: *Fundamental knowledge* of Attention to detail, Communication, Teamwork, Critical Thinking, Statistics, Problem Solving and Data Storytelling
